www.aafa.org • www.asthmaandallergyfriendly.com

Always follow your physician's advice
on asthma and allergy management.

Certification License
No: AAFC-01-01-894

Physicians recommend
avoidance of household allergens
for those with allergies and asthma.

Choosing **asthma & allergy friendly™** certified
toys is part of an overall allergen reduction
plan in the home. This toy is certified
asthma & allergy friendly™ which tells you:

It has been manufactured from materials that do
not contain certain chemicals and allergens at
levels known to affect asthma and allergies.

If under normal conditions of use, the specific care
guidelines (see across) are followed, this toy will not
accumulate high levels of household allergens.

Quality and safety testing indicates that
this toy will withstand the care
code outlined.

The care instructions for your
asthma & allergy friendly™ certified toy
include a wash before use and the following
instructions to be carried out every 4 weeks:

- Place toy in freezer bag
- Place in freezer for 24 hours
- Machine wash cold
(Use a mild detergent when washing this toy.
Do not use fabric softeners.)
- Tumble dry on low
(Some shrinkage may occur over time.)
Do not wash animals that contain a sound.
If the animal is not washed then it is no
longer **asthma & allergy friendly™** certified.

**Cuddle with
confidence™**

This toy is certified asthma & allergy friendly™ by the Asthma and Allergy Foundation of America

Please retain tag as a reminder to repeat this process every 4 weeks.
